MISSION

BY JESSE JURRENS, OWNER OF LEGEND SUSPENSIONS

Our mission, simply stated, is to become a leader in the suspensions industry by using only the highest quality materials along with innovative yet practical designs. We believe our first responsibility is to satisfy the customer, while at the same time enhancing the way they feel while riding their motorcycle. Our customers are the life of our business, and we strive to fulfill their needs. Through a strong commitment to this mission, Legend Suspensions will be known as a value to the motorcycle industry and a leader in suspensions technology. Legend Suspensions is highly committed to manufacturing ONLY the highest quality, best performing suspensions available on the market.

We will never compromise by using low quality materials or any other forms of cheap manufacturing. No thanks! We prefer to use pristine, quality materials and components manufactured right here in the United States. Tried, tested, and proven by the best, our suspensions will give you the look and feel that you deserve.

"Pride and Quality." These two words ring true with Legend and every American. By buying American made products and producing American made products we are able to continue supporting our communities, country and our vast array of people. The birth and growth of these fine products starts here at home by using materials produced right here in the U.S.A.

From a humble basement beginning, our dream of building the best suspensions on earth has grown into our award winning Legend Suspensions. WE, the staff at Legend Suspensions, LOVE what we do and it shows in the Quality American made products that we buy and produce.

Pride and Quality...the American Way...the Legend way.

RIDER ID WHAT'S YOUR RIDER ID?

No matter your size, shape or weight, Legend adjusts to give you the best possible ride.

SHORT/LOWERED

SOLO

LONG DISTANCE

LOWERED LOOK

SHORT/LOWERED

IF YOU'RE UNDER 6', YOU ARE UNDER OEM STANDARD RIDER HEIGHT, BUT YOU DON'T HAVE TO SACRIFICE RIDE QUALITY TO REACH THE GROUND WITH FLAT FEET. LEGEND LOWERS YOUR SEAT HEIGHT UP TO 3", GIVING YOU SECURE FOOTING AND INCREASED CONTROL, AS WELL AS A BOOST OF CONFIDENCE. AIR UP ON THE GO FOR A MORE COMFORTABLE, SMOOTHER RIDE AND NEVER BOTTOM OUT AGAIN!

SOLO RIDER

FROM AVERAGE HEIGHT AND LIGHT WEIGHT, TO TALL AND HEAVY, IF YOU RIDE ALONE THERE ARE SEVERAL LEGEND OPTIONS TO IMPROVE YOUR RIDE. GET A SMOOTHER, MORE COMFORTABLE RIDE THAT INCREASES PERFORMANCE HANDLING. ADJUST THE SPRING RATE, WHILE ON THE GO, TO YOUR PREFERENCE AND NEVER EXPERIENCE HARSH BOTTOMING OUT EVER AGAIN.

LONG DISTANCE RIDER

RIDING LOTS OF LONG MILES MAKES A SMOOTH AND COMFORTABLE RIDE ESSENTIAL. LEGEND PROVIDES THESE ELEMENTS ALONG WITH BETTER HANDLING & CONTROL, RESULTING IN LESS ABUSE ON YOUR BODY & REDUCED FATIGUE. HANDLEBAR CONTROLLED AIR SYSTEMS ALSO ALLOW YOU TO ADJUST FOR CHANGING ROAD CONDITIONS EASILY AS YOU RIDE.

LOWERED LOOK

BE IT CUSTOM OR STOCK, SOME BIKES JUST LOOK BETTER LOW. WITH LEGEND YOU DON'T HAVE TO GIVE UP A QUALITY RIDE TO GET THAT AWESOME LOOK. LEGEND WILL KEEP YOU LOOKING COOL & RIDING SMOOTH & SAFE. USE LEGEND AIR TO RIDE LOW, THEN AIR UP FOR ADDED COMFORT ON THE GO, OR PUSH THE BUTTON TO "DROP" THE BIKE AND THE JAWS OF THOSE WHO ARE WATCHING!

QUALITY RIDE

YOU HAVE HIGH STANDARDS FOR A REASON AND YOU DON'T HAVE TO COMPROMISE THEM. LEGEND OFFERS THE HIGHEST QUALITY PRODUCTS IN THE INDUSTRY, BACKED BY A LIFETIME WARRANTY. LEGEND PRODUCTS ARE ENGINEERED FOR OPTIMAL HANDLING, CONTROL AND SAFETY. NOTHING COMPARES TO THE PERFORMANCE AND QUALITY OF LEGEND- EVERYTHING ELSE IS A COMPROMISE!

QUALITY RIDE

2-UP

+ TRAILER

+ LUGGAGE

2UP/LUGGAGE/TRAILER

RIDING 2UP, WITH LUGGAGE, AND/OR A TRAILER MEANS YOU NEED A SUSPENSION THAT CAN HANDLE A LOAD & CHANGE WITH YOUR NEEDS. WITH LEGEND YOU CAN QUICKLY & EASILY ADJUST THE SPRING RATE FOR CHANGING LOAD OR ROAD CONDITIONS, & STILL GET THE BEST POSSIBLE RIDE. LEGEND KEEPS YOUR PASSENGER COMFORTABLE & HAPPY, AND A HAPPY PASSENGER MAKES FOR A HAPPY DRIVER!

LEGEND TERRITORY

LEGEND TERRITORY

Dealers, sales representatives, custom builders, endurance riders and "ordinary" bikers from across the world use and trust Legend for the best fit, best ride, and best quality. They all make up **Legend Territory**.

LEGEND TERRITORY

BLACK HILLS HARLEY-DAVIDSON
RAPID CITY, SOUTH DAKOTA

TERRY & BRIAN
BLACK HILLS HARLEY-DAVIDSON

"Legend REVOs are a definite improvement over stock, they give you a better ride, better handling, and they completely eliminate the pogo effect. I also like that such a well built and high quality product is made right here in South Dakota."

-Terry Rymer, Owner

"I could feel the difference between the old Legend and the new Legend AERO-As as soon as I left the parking lot. The ride quality is so superior and plush, the shocks soak up every bump."

-Brian Gruhn, Chrome Consultant

LEGEND TERRITORY

YELLOWSTONE HARLEY-DAVIDSON
BELGRADE, MONTANA

"We have used other suspensions over the years, but Legend is clearly the ONLY choice for our dealership & for our customers."
- Josh Fry, Owner

"I love building and selling custom bikes, but with the new Legend REVO coil suspension it's way more fun to ride them."
- Kaes VanderJagt, Sales

LEGEND TERRITORY

TOM MOTZKO
SPEARFISH, SOUTH DAKOTA

TOM MOTZKO
VENDOR DEVELOPMENT, DRAG SPECIALTIES

"We've been selling Legend for ten years now and return claims are a meager .02 percent...that's good quality."

THROTTLE GIRL
NORTH LAKE TAHOE, CALIFORNIA

KELLY QUINN
OWNER, THROTTLE GIRL - WWW.THROTTLEGIRL.NET

"As a woman who puts countless miles on my bike, having Legend Suspensions is an invaluable asset to the function and performance of my riding. The confidence it provides is priceless."

LEGEND TERRITORY

DRAG SPECIALTIES
USA

BOB CASHWELL
SOUTHEAST REGION REP

"I tried a set of REVOs for the ride home from Sturgis and they handled like an absolute dream. I had fully intended to put my previous set of shocks back on when I got home, but I was so pleased with Legend that I kept them on my bike. I would recommend the REVO coils to any FL owner."

BRYON SMITH
WEST REGION REP

"Riding the Legend REVOs and Legend AERO shocks have helped me gain a better understanding of Legend's products and their strive for quality and superiority."

SCOTT WRIGHT
SOUTHEAST REGION REP

"I've put about seven thousand miles on my Legend REVOs, and what I notice most is the very smooth ride combined with good handling...I couldn't be more impressed."

MARY FULLER
CENTRAL REGION REP

"I've been successful because of the time spent with Legend staff, learning about the product over and over again. It builds confidence in me and my dealers."

LEGEND AERO

Over the last decade Legend Suspensions has built a reputation of providing the highest quality and top performing suspensions in the industry. Now Legend has set that bar even higher with the new, re-designed **Legend AERO-HVG**, **Legend AERO**, and **Legend AERO-A** air suspensions.

LEGEND AERO HVG™

WWW.LEGENDSUSPENSIONS.COM

LEGEND AERO HVG FLH FITS 1999+ FLH TOURING MODELS

1311-0114: 13" BLACK AERO HVG \$1175

- All new Legend AERO Suspensions Systems sets the high mark in ultimate ride quality
- New redesigned exclusive Aramid Fiber air spring technology provides spring rate adjustability
- Air springs maximize wheel travel and adjust to any desired ride height
- Fitment accommodates 13" and 12" needs
- Spherical mount bearings top and bottom
- Hard anodized machined aluminum bodies
- Legend's low-friction seals eliminate stiction
- High flow piston reacts quickly for improved fluid flow management
- Deflective disc valved damping self adjust to frequency and ensures controlled performance
- Includes high volume hand pump with inline gauge
- Optional fairing mounted matching gauges (Part #'s 2212-0484, 2212-0485, 2212-0492, 2212-0493, 2212-0494) also sold separately
- Lifetime Warranty
- Made by hand in Sturgis, South Dakota, USA

- **Made by hand in Sturgis, South Dakota, USA**

Legend AERO-A Features:

- All the benefits of the new Legend AERO Suspension systems above, plus six external knob adjustments allow the fine-tuning of rebound damping
- Provides optimum rebound performance for any given rider weight, personal ride-quality preference or personal riding style
- Light to heavy riders can fine-tune ride preference
- Riders with aggressive to casual riding styles can tune to desired quality or personal preference

**TRI GLIDE
REAR LIFT KIT**

1313-0120: \$180

- For 2009-2014 Tri Glide Models
- Lift kit will level out your Tri Glide that otherwise sits low in the rear end
- Lower shock mounts are relocated 1.25" higher than stock, resulting in 1.6" higher ground clearance at the rear.
- Less chance of scratching pipes on dips and curbs
- Easier steering due to shorter trail in front end
- Replace the OE lower shock mount brackets

LEGEND REVO COILS

Legend REVO coil springs are specially wound, over-length, and softer than standard coil springs. These factors, along with custom internal valving, provide a smooth, comfortable, and controlled ride.

- Legend's touring specific spring rates produce superior ride quality and performance
- REVO coils provide improved plush ride quality, control, and resistance to bottoming-out
- REVO's extended coil length has larger "sweet spot" without increasing overall shock length
- REVO's unique spring rate offers the ability to soften pre-load, reducing ride height and maintaining a smooth ride
- Allows minimal pre-load adjustments when changing between riders' weights or loads
- Adjusts by hand, no tools needed
- Available in 12", 13" and 14" standard or heavy-duty applications
- Easy installation and alignment, provided by spherical bearings on both top and bottom
- **Lifetime Warranty**
- **Made by hand in Sturgis, South Dakota, USA**

Legend REVO-A Features

- All the benefits of the new REVO shocks above plus six external knob adjustments allow fine-tuning of rebound
- Provides optimum rebound performance for any given rider weight, personal ride quality preference, or personal riding style
- Light to heavy riders can fine-tune ride preference
- Aggressive to casual riding styles can tune to desired quality or personal preference

LEGEND AERO FOR SOFTAILS

The new **Legend AERO-ST** suspensions set the standard for all other softail suspensions in terms of quality and performance. **Legend AERO-STs** give you the look you desire and the ride quality that you deserve.

"I looked around and talked to other vendors and they always recommended Legend Suspensions. The smoothness of it will save my lower back. Why did I wait so long to do this?!"
- Matt Jackson, Softail Owner

1311-0144

1311-0144 AERO-ST

FITS 1989-99 SOFTAILS.....\$1550

- All new Legend AERO Suspensions Systems sets the high mark in ultimate ride quality
- New redesigned exclusive Aramid Fiber air spring technology provides spring rate adjustability
- Air springs maximize wheel travel and adjust to any desired ride height
- Hard anodized machined aluminum bodies
- Legend's low-friction seals eliminate stiction
- High flow piston reacts quickly for improved fluid flow management
- Deflective disc valved damping self adjust to frequency and ensures controlled performance

- Air compressor included, pre-wired, and model specific mounting
- New Namz/Legend complete wire harness installed with 3 easy Deutsch connections
- System includes OEM looking black handlebar mounted control for easy "on-the-go" adjustability
- Optional chrome handlebar mounted control sold separately (Part # 0616-0207)
- **Lifetime Warranty**
- **Made by hand in Sturgis, South Dakota, USA**

LEGEND AERO HVG COMPRESSOR KIT

1311-0115.....\$700

- Includes FL model specific powder coated under chassis mount with pre-wired compressor
- NAMZ/Legend complete wiring harness installs with 3 easy Deutsch connections
- Includes OEM looking black handlebar mounted control for easy "on-the-go" adjustability
- Airline and DOT Y fitting included
- Use in conjunction with Part # 1311-0114 LEGEND AERO-HVG

CHROME HANDLEBAR CONTROL

0616-0207.....\$162

- Optional chrome handlebar control switch assembly
- Replaces black controls included in complete kits
- Deutsch connector fits models equipped with the NAMZ/Legend wire harness (Part# 0616-0207)

DEALER SUPPORT

Legend Suspensions offers many tools and resources to help your dealership become knowledgeable about our products, and more importantly, to help you sell more! From online video conferences, videos on our website, and our Rider ID & Demo Display programs, we have you covered in sales support.

Visit www.legendsuspensions.com/training and register for access to training videos, downloads & more!

JON "OPIE" OLSON, Central Region Rep

"The Demo Display is a great way to start the suspension discussion with a customer. It captures the customer's attention and gives the sales person the tools to sell."

Contact your Drag Rep for a Demo Display form, and get a display and door decal for your showroom floor!

We offer a wide selection of videos on our website, from rider testimonials to technical videos for product training.

CUSTOMER SERVICE

At Legend Suspensions your satisfaction is our satisfaction. Our products are not only backed by a lifetime warranty, but also by exceptional customer service and technical support.

TECH SUPPORT

Each kit includes an illustrated install guide which makes installation a breeze, and also provides instruction on how to properly use your air suspension and how to set the sag on your coil shocks.

RE: Compliment

To Whom It May Concern,

I would like to take a minute to compliment your business practice, and to personally thank you for your recent assistance. Actually, to be honest, it has not been all that recent. I have been busy, but although I am busy, I think it is important to take some time to recognize my pleasure with your business.

I had some older Legend air shocks. These shocks had been used and abused, and even skidded down the road. One of them developed a leak. I emailed Legend to inquire about the cost of purchasing one replacement shock, or refurbishing or fixing the leaking shock. To my surprise I immediately received an email response from There indicating that it was no problem. He told me that the shocks were covered under warranty, and instructing me to just mail the shocks in. Instead of just fixing my older shock, you replaced the shocks, and there personally called me and informed me of the changes to the newer shocks, and asked if I had any questions, or if he could be of further assistance.

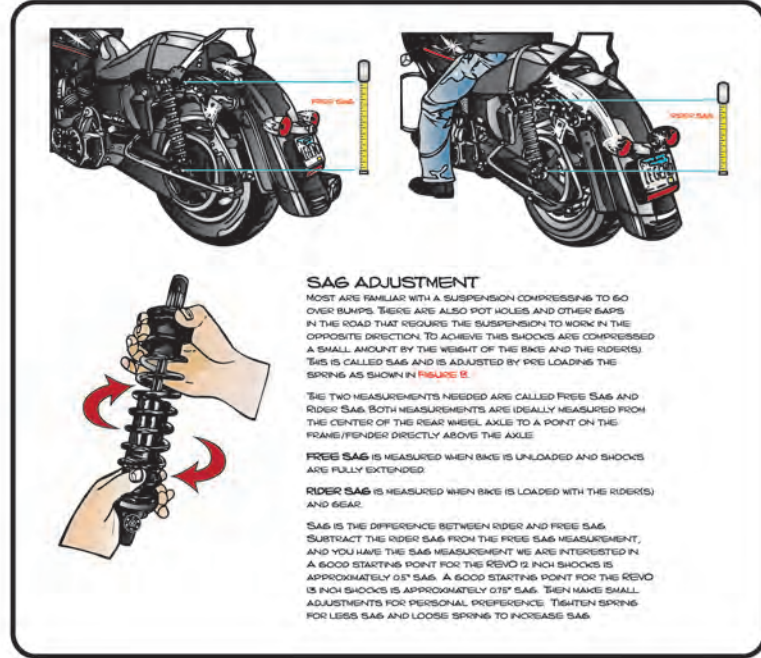

I really did not expect the leaking shock to be covered under the warranty. In my experience businesses often have excuses or small print that excludes honoring their warranties. Tough economical times, profits, and cutting corners have changed modern business practice away from when business was done with a firm handshake and the company's good word. Thank you Legend for conducting business like it should be done. You make an exceptional product. You stand by your word, and your company service is exceptional. I am very proud to tell everyone who asks, that I ride on Legend suspension.

SAG ADJUSTMENT

MOST ARE FAMILIAR WITH A SUSPENSION COMPRESSING TO GO OVER BUMPS. THERE ARE ALSO POT HOLES AND OTHER BUMPS IN THE ROAD THAT REQUIRE THE SUSPENSION TO WORK IN THE OPPOSITE DIRECTION TO ACHIEVE THIS. SHOCKS ARE COMPRESSED A SMALL AMOUNT BY THE WEIGHT OF THE BIKE AND THE RIDER(S). THIS IS CALLED RIDER SAG AND IS ADJUSTED BY PRE-LOADING THE SPRING AS SHOWN IN FIGURE 12.

THE TWO MEASUREMENTS NEEDED ARE CALLED FREE SAG AND RIDER SAG. BOTH MEASUREMENTS ARE IDEALLY MEASURED FROM THE CENTER OF THE REAR WHEEL AXLE TO A POINT ON THE FRAMES/FENDER DIRECTLY ABOVE THE AXLE.

FREE SAG IS MEASURED WHEN BIKE IS UNLOADED AND SHOCKS ARE FULLY EXTENDED.

RIDER SAG IS MEASURED WHEN BIKE IS LOADED WITH THE RIDER(S) AND GEAR.

SAG IS THE DIFFERENCE BETWEEN RIDER AND FREE SAG. SUBTRACT THE RIDER SAG FROM THE FREE SAG MEASUREMENT, AND YOU HAVE THE SAG MEASUREMENT WE ARE INTERESTED IN. A GOOD STARTING POINT FOR THE REVO IS INCH SHOCKS IS APPROXIMATELY 0.5" SAG. A GOOD STARTING POINT FOR THE REVO IS INCH SHOCKS IS APPROXIMATELY 0.75" SAG. THEN MAKE SMALL ADJUSTMENTS FOR PERSONAL PREFERENCE. TIGHTEN SPRING FOR LESS SAG AND LOOSE SPRING TO INCREASE SAG.
